Thank you, Bethany.

We also included some minor comments in the attachments (the draft final risk evaluation and response to comment document). Please let us know if you would prefer that we list these in the body of an email.

As noted in the header of the documents, we view are comments as attorney client privileged, attorney work product, deliberative and FOIA exempt.

Have a nice weekend. And thank you again.

Peter McVeigh  
Attorney  
U.S. Department of Justice

Thanks Peter! Just circulated an invite for Monday at 12:30, most of the team will be able to join at that time.

**Subject:** RE: For Review: TSCA Asbestos Risk Evaluation

Hi Susanna and Bethany,

Would EPA be available for a call on 12:30 p.m. ET or later on Monday to discuss the asbestos (Part 1) draft risk evaluation?

That would be most convenient for us. If you need our comments sooner, I can see if we can make something work late on Friday. Debbie and JT again carried the ball on review (and have a full TSCA plate as of late).

Best regards,

Peter

**Subject:** For Review: TSCA Asbestos Risk Evaluation

Good morning,

On behalf of OPPT I am pleased to provide our Asbestos Final Risk Evaluation for your review. As always a huge congrats to the team for this accomplishment. We are asking for your review and feedback back to us by COB

**12/3/2020.** The comment template is attached here and the documents will very shortly be available in the Asbestos folder on the Max.gov site. Please let me know if there are any questions or concerns.

Many thanks,  
Susanna

Documents for review include:

- The revised Asbestos Risk Evaluation (clean)
- The revised Asbestos Risk Evaluation (track changes comparison to peer review draft)
- Asbestos Response to SACC and Public Comments
- Asbestos Supplemental Files, with numbered file names starting with 3:
  3. Data quality evaluation for PChem
  4. Data extraction for fate
  5. Data quality evaluation of environmental releases and occupational exposure
  6. Data quality evaluation of environmental releases and occupational exposure common sources
  7. Data quality evaluation for consumer exposure
  8. Data extraction for consumer exposure
  9. Data quality evaluation of ecological hazard studies
  10. Data quality evaluation of human health hazard studies
  11. Information on Occupational Exposure Calculations
  12. Exposure calculations (note – there is a public and an internal version, not sure which one to send)
  13. Data Quality Evaluation for Fate
  14. Summary of Responses Supplemental File- Epidemiologic Studies of Automotive Mechanics
